

RODE- keys

The inlet points for the pipeline-based waste collection system and the regional sorting rooms in Kruunuvuorenranta can be opened with the RODE key.

Each flat has received flat-specific RODE keys (3 keys) at the time of moving in. The keys are coded for building-specific inlet points.

RODE keys can be likened to the other keys to the flat. You should handle them very carefully!

Ordering instructions for a new RODE key:

If a resident's RODE key is lost or the resident needs an additional key, **the new key must be ordered by the property manager via the HelpDesk.**

The new key is delivered to the property manager, who then delivers the key to the resident.

Information requested by the HelpDesk:

- Serial number of the lost key (*if available*) for cancellation
- Flat number and building
- Delivery address (*property management agency*) for the delivery of the new key.

The price for a new key is €30.

HelpDesk: +358 (0)20 711 8455 (Mon–Fri 8 a.m.–8 p.m., Sat 9 a.m.–6 p.m.)
